Still Time to Register ... National Venturing Event Right Here in CR Area 3

The biggest and best ever Venturing event is happening in just under 30 days. It is time to make your reservations now to attend the first National Venturing Event – The Fall Fun Rally. Go to www.fallfunrally.org for all the up-to-date information. Cost information can be found at the website, but you need to act quickly if you want it to include the event t-shirt. There is an option for meals on Saturday and Sunday.

The Venturing Officer Association of the Greater St. Louis Area Council is proud that the Fall Fun Rally has been designated as the first National Venturing Event.

The Fall Fun Rally is the largest Venturing event held each year in the country. The Fall Fun Rally is in its 37th year. They have the facilities, the staff, and the experience to host several thousand Venturers for this 3-day event. In 2008 it was the Central Region's 10th Anniversary event for Venturing. Venturers from throughout the Central Region attended. This event is centrally located in the USA.

The Fall Fun Rally is a youth lead event. The Council's V.O.A., the 9 District V.O.As, and

hundreds of other Venturers staff the event each year. Venturing is many things, but of uppermost importance is youth leadership development. Planning for the 2010 event started at last year's event. This is the first time that a National Venturing event is being done and it is the youth of the Venturing program that are doing it. The Greater St. Louis Area Council V.O.A hopes that this will be the start of more and bigger future National Venturing Events, but today's good news is that the first one is on the way. So let's get excited about it!

Reserve the Date Now for the 2nd Annual Area 3 Venturing Conference

January 15, 2011 in Normal, IL

It is now time to reserve on your calendar the date of January 15, 2011 to attend the 2011 Area 3 Venturing Conference. The Area 3 Venturing Conference in 2010 was one of the first Area level Venturing conferences held in the nation. It was by far the highest attended Area level Venturing conference in the nation in 2010.

There will be 2 treks during this year's conference. An advance trek for those that attended last year and are ready to move your Venturing program up to the next level. And the standard trek for those that are just getting started with Venturing within their council.

The conference is designed to provide your council the building blocks for the success of your Council's Venturing Program. This one-day conference is designed to help you get Venturing "Out of the Box, and Over the Top" in your council. Whether you are just starting to build a Council Venturing structure, you are already on the path to success, or you just want to learn more information about how other councils have succeeded, then this conference is for you. This conference is for professional Scouters, Venturing adult leaders with council & district responsibilities, and Venturing youth leaders ready to take the next step up in Venturing.

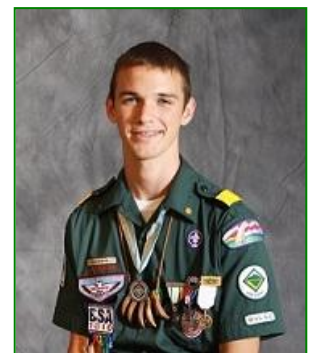

This conference is for the 12 councils in Area 3 of the Central Region, but others from around the nation are certainly welcomed. Let's make 2011 all the more memorable for the youth in your council's Venturing Program by giving them the opportunity to grow in leadership skills, and have a great time doing it.

The standard trek will be starting with the basics of Venturing, and moving through the steps councils in our Area and across the country have taken to reach success. Here are just some of the things the conference will be covering:

- Recruitment (how to find the right youth to lead your council's Venturing Officer Association)
- Venturing Officer Association Job Descriptions and Bylaws
- How to hold successful multi-crew events
- VOA elections
- VLSC/Kodiak/Kodiak X – It is all about developing leaders!
- National Youth Leadership Society
- Powder Horn – Why it will grow Venturing
- Venturing Awards and Recognition
- How to make Venturing communications in your council work
- A Venturing roundtable and much more

The cost for all of this knowledge is just \$15 if you reserve your seat by January 1st, 2011. It will be

\$20 after that date and at the door. Cost includes continental breakfast, lunch and all supplies. The conference will be held at Calvary United Methodist Church in Normal, Illinois. The church is located right off I-55 and is within 3.5 hours or less of each of our council's offices. Check-in starts at 7:45am

Dustin Readonour
Venturing Conference Co-

and we expect to be finished by 4:30pm. This is one day you don't want to miss. Our Area 3 Venturing President, Dustin Readenour, and the 2008-09 National Venturing President, Amanda Vogt will be spearheading the conference's staff. Sarah Ward, the 2009-

2010 Area 3 President, will assist them. Dan Carriveau, the Central Region Venturing President, will be in attendance along with your Area 3 Venturing Committee to help lead the conference. A conference flyer is being prepared and will be sent out with the next edition of the Area 3 Venturing Update.

Reserve the date of January 15, 2011 to attend the CR Area 3 Venturing Conference.

If you have any questions feel free to contact Bob Vogt, the Central Region Area 3 Venturing Chair at (636) 394-6809 or revogt1@gmail.com

Area 3 Facebook Groups

We are one of the largest Area level Venturing Facebook Group in the Nation! We are nearly at 1,000 members in our group. How did we do it? Simply by members inviting their Facebook friends to join the group. The purpose of the Area 3 Venturing Facebook Group is to promote Venturing. A group member does not have to be in Venturing to be part of the group. Because, just maybe, the non-Venturer will see the fun, adventure, leadership, etc. opportunities and decide to be part of Venturing.

Did you know that your council has a Venturing Facebook Group? Many of our councils have developed their own Facebook Groups. Those that did not have one had one established by the Central Region Venturing Communication Committee. They will be serving as the group administrator until a local youth or adult steps forwards to administer the group. The following are the links to each of our council's Venturing Facebook Groups:

Venturing Crew in the News

Do you have a wonderful adventure your Crew has recently done that you would like to share with other Crews across our Area 3? Venturing Oath

As a Venturer, I promise to do my duty to God and help strengthen America, to help others, and to seek truth, fairness, and adventure in our world.

Adventure Base 100 in Area 3

Venturers were a big part of the Adventure Base 100 experience when it made its appearance in St. Louis.

Well over 2,000 attended the event held next door to the Cardinal's Busch Stadium on August 20-22, 2010. Venturers were not only visitors, but also served in many key staff positions throughout the event. They also provided much of the event's entertainment.

The 10,000 square foot campus featured immersive Scouting experiences including a ropes course and zip line, interactive digital exhibits, a multi-sensory IMAX-like dome, and more! It also has a traveling museum that showcased real artifacts from the National Scouting Museum in Irving, TX. The Adventure Base 100 started at the Tournament of

Roses Parade in Pasadena, Calif. in January. It will end its journey at the Macy's Thanksgiving Day Parade in New York in November. Of special note, the

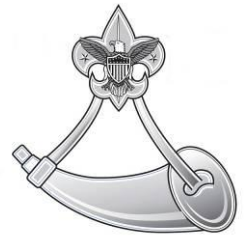

exhibit on Venturing features a full life size photo cut out of an Area 3 Venturer, Christina Vogt, from Crew 2783, Ballwin, MO.

What is Powder Horn?

Powder Horn is a training opportunity designed to expose the Venturing or Boy Scout leader to activities and resources necessary to operate a successful Venturing Ranger Award or Troop High Adventure program.

It does this in several ways. First it helps Venturing Leaders and Scouters to safely conduct outdoor activities of a fun and challenging nature. It provides an introduction to the resources necessary to successfully lead Venturers and older Boy Scouts through a program of high adventure. And it familiarizes the Advisor with the Ranger program so that he or she can help the Venturer to meet the requirements of the Ranger Award. This course is based on the Venturing Ranger requirements giving participants an exposure to outdoor/high adventure activities. Scout leaders will also benefit from this course when your unit participates in unit high adventure.

Utilizing Communications

By Dustin Readenour, Area 3 Venturing President

There are a few key ways to efficiently communicate with and beyond your council. The two main ways to effectively communicate are Facebook and email.

Since most people are on Facebook now, it is a very direct and quick way to get in contact with people. Facebook groups make gathering everyone in your council easy. It also allows you to message everyone at once, advertise upcoming events, and spread pertinent information. This even works below the council level, such as in districts and crews. We utilize it at the Area and Regional level too.

The other option for effective communication is email. Email is also an easy way to send a message to many people at once. Most people check their email often making for fast communication. However, when using emails be sure you have updated emails. If emails are not updated then this communication will fall apart. Now that you know how to communicate with everyone, in your council and beyond, use it, and help Venturing grow.

Promote Your Council's Venturing Events

If your council has Venturing events, camps, or activities that you want to promote across our Area 3, just send to me the information and I will include it in the next Area 3 Venturing Update. Send to Bob Vogt, Area 3 Venturing Chair at revogt1@gmail.com.
