Area 3 Venturing President's Corner

Happy August Area 3! This year seems to be flying by, it seems like just yesterday when summer was starting. Over the summer I got to work at John S. Swift Base and the time just flew by. I hope every else has had a good summer just as mine was! I recently started my college experience and moved into a dorm room. This new chapter in my life also included making new friends; as someone who is an introvert this was a tough challenge for me. While making friends isn't difficult it is slightly awkward and uncomfortable for many people including me. Luckily I had many friends in scouting who were also in college to support me. I also had my Scouting experiences to help me relate with other students and make more friends. Several times I found talking about scouting experiences with other people to create a bond. While it was challenging I have met tons of new friends and got to experience new activates I've never done before. This month I would like to challenge everyone, adults included to make a new friend or do something that is challenging to you. When we confront situations that we are nervous about we become better at those situations. Finally I would like to leave everyone with a quote from Ernest Hemmingway, he says "There is nothing noble in being superior to your fellow man; true nobility is being superior to your former self."

Yours in Scouting,

Did you know that your council has a Venturing Facebook Group? Many of our councils have developed their own Facebook Groups. Those that did not have one had one established by the Central Region Venturing Communication Committee.
